## SPANISH MARTYRS

Ten years ago, the Society introduced the cause for beatification of nine Spanish Marist confreres who were martyred during the 1936 religious persecution in Spain. The late fathers Melitón Carillo and Isidro de Roba worked in a consistent way to gather the necessary documentation. After their deaths Fr Antón Angel has continued with the case in close collaboration with the diocese of Alcalá de Henares. The diocese decided to present one group of 43 diocesan priests, religious and lay people, killed and buried in the common grave in Paracuellos del Jarama, including some of our confreres: Frs Antonio de Santiago, Fausto Muñoz, Romualdo Sáenz, Timoteo Uriondo and Zacarías Feijóo. The diocesan phase of the cause has now been concluded, and the beatification process is to be continued by the Vatican Congregation for the Causes of Saints. Fr Angel has asked the whole Society to pray for their cause.
